CLASS HISTORY

Eight members of the Senior Class of 1952 started school together. Helen Swaney, Betty Woodworth, Phyllis Edward, John Leak, James Wade, Haldon Smith, Roger Graham and Vaughn Baker. During the first year of school Phyllis Edwards moved away. James Wade moved away at the start of our second year of school. Smiling Jim came back in our locality the third year of school but Roger Graham moved to another locality. Phyllis Minnearn came during the fourth year and Roger Hershiser and Phyllis Edwards in the fifth year of school. The ever moving Roger Graham returned during our sixth year, staying for two years, then moving again in the eighth year to return to stay with us in the eleventh year. Margaret Risner joined our class in the ninth year. Standing with our heads erect, with our thoughts full of happy memories of our school days together, the above members constitute the graduation class of 1952.

CLASS WILL

Classmates, rest we here a little,
while our life is yet at morn;

Pause a little for we seniors must
make a will.

'Tis the time which all has led to,
since we heard the first bell's call.

Summoning us to meet in the now
familiar hall.

First of all let us call on smiling
James Wade, and Elden Eastman in-
herits his ability to get out of study
halls.

Haldon Smith, bequeaths to Bernard
Keefer, the ability and endurance to
graduate.

Many a day Cynthia Jones and Roger
Hershiser pondered as to Roger's
beautiful red hair, which she wishes
she had.

The long-legged Roger Graham, the
Henry Aldrich, of the school, bestows
upon Thomas Clemons nothing but
troubles.

Margaret Risner, the flirting belle
of our class, advises La Donna Gar-
ner to take her place.

Here about the grounds, studious
Betty Woodworth, wishes that Nancy
Gahring make as good in Chemistry
as she did.

To the ever quiet Lucy Atherton,
Phyllis Edwards, bequeaths her ability
to make men sigh.

And Mildred Cole inherits Helen
Swaney's skill, to stay on her feet
while skating.

Nancy Gahring is the recipient of the
curly locks, that our cheerleading
gal, Phyllis Minniear has.

While Helen Swaney's advice to Audrey
Cook, to be six feet tall, do stretching
exercises.

Ah! Dorothy Leach, watch out!
Vaughn Baker wills you, his ability
not to flirt.

And ever munching John Leak, bestows
upon Marvin Wheeler, his cleverness
to get food from the cooks.

O Commencement, not ending that is
seems all our strife,

But the gates that open outward
to a bigger, broader life.

Classmates, may the will of our spirit
never set,

But the faunt of inspiration gush
through all our fancy yet.

Howsoever life may lead, a long fare-
well to High we say,

And to our brave and dear advisers,
nevermore to point our way,

Let it fall on our dear school and all
the friends we know,

We must clasp each hand and
whisper: "Good-bye, Classmate,
we must go."

CLASS PROPHECY

Stranger than fiction are the tricks that 'fate' plays upon us and yet it seems only yesterday that I was back in school.

My little daughter took me back through the years when she asked me why Johnny, who was always sitting at the Bank and if he wasn't the same person whose picture she had seen in one of our books. She had my old class album.

Through the years my classmates and I have gone our various ways and it seems that fortune has smiled upon us. Ten years have passed and we, who were together in that proud class of 1952 have much to be thankful for.

John Leak, of course, is the President of the First National Bank which opened a few years ago here in North Fairfield. Johnny was the boy that my little Pam was speaking of.

Next door to the bank is a General Electric Store managed by Roger Hershiser.

Hoyt's Department Store! How it has changed! It is nine stories high and covers a block in each direction. Jimmy Wade, who was always an enterprising young man, is the Head Clerk. Gossip has it, that he is next in line to be manager.

Betty Woodworth married a farmer from Illinois, embarrassing, as it may seem, I must admit I don't remember his name.

Phyllis Minnearn eloped last month with a fellow from New York. This morning while reading the 'Herald Times' I saw her picture that was taken in a Paris Night Club. They had gone to France on their Honey-moon.

Maggie Risner's dream came true. She started up her own Hospital here in town several years ago. Ten years hasn't changed her a bit.

Vaughn Baker bought out Pink's garage and has built quite a business. He runs the Buick-Pontiac Sales and Service on East Main Street.

Haldon Smith has three different farms out West of town. He raises mostly potatoes. I hear that he had about 150,000 bushels last year.

Phyllis Edwards married one of her schoolday sweethearts. She is a very happy and contented housewife. What a lovely family she has! Her children are simply adorable!

Roger Graham is out in Hollywood. The last I read about him was a write-up in the paper. He is the president of the Helicopter Service which is the largest in the country. He doesn't look the same since his nose was broken. Rumor has it, that he talked back to Humphrey Bogart at the wrong time.

I have been lucky. I always wanted to teach school and here I am doing it. I am married to the principal, no less.

All this goes to show, that dreams do come true. We have much to be thankful for, especially since Peace reigns all over the world. May this Peace last forever.

JUNIOR-SENIOR PROM

On May 11, 1951, the Elk's Country Club was the scene of a well planned prom in honor of the Seniors of 1951.

We, as the Juniors, carried out the theme of Indian Summer throughout the Club. The nut cups were small canoes and the place cards, tepees. A centerpiece made up of tepees and canoes on a mirror to represent a lake also added much color. Streamers, gay Indian colors, were hung from the lights. All this was drawn, painted, and set up, with the capable help of our sponsor Mr. Fernandez, by the Juniors.

Special entertainment was furnished by the Stower Sister's of Norwalk.

The Menu consisted of:

Fruit Cocktail
Swiss Steak
French Fries
Succotash
Tossed Salad
Cherry Pie A La Mode
Coffee Milk

At midnight, of the same evening, Mr. and Mrs. Alton Woodworth entertained the group at their home.

The lovely snack served there was:

Pancakes
Syrup
Bacon
Coffee or Milk

At a later hour everyone left for home. All were happy, but sleepy too.

The Junior-Senior Prom will be held this year on May 2, 1952, in the gym.

The theme will be a night club setting. Further details are undecided.

SENIOR PLAY

A THREE ACT PLAY

"THE DEATH RAY MYSTERY"

Gregory McVane, millionaire scientist, is the discoverer of the death ray, a secret he has guarded with the most meticulous caution. They are all living together in the mansion, all but Hillary, the black sheep of the family, who has been on his own for the past three years. Hillary comes back to his uncle's home, however, though not by invitation. Instead, he enters furtively in the midnight hours, a hoodlum with him. They started a thorough search of the room and when Uncle Gregory enters they soon have him bound. As the curtain comes down we find Hillary threatening him with a gun unless he confesses to the hiding place of the death ray formula.

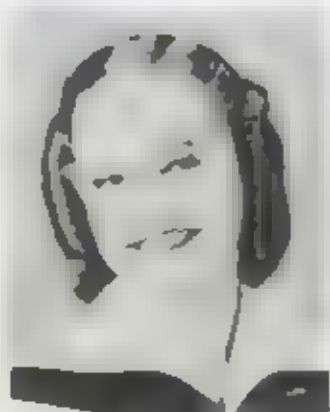

The second scene opens we find that a detective has arrived and has begun his questioning of the family. The detective finds that each may have had some motive in killing Mr. McVane. Hillary's suspicion is further enhanced because of his appearance at this time. The audience is further convinced of his wickedness when Mavis, who is desperately in love with Hillary, discloses the hiding place of the death ray to be in the locket about her neck. Taking her in his arms, Hillary gently removes the locket from her throat. His being guilty is further confirmed when Beatriz, one of the nieces and a firm believer in spiritualism, insists on holding a seance. When the lights come up, the butler, seated next to Hillary, is dead, and Mavis has disappeared. The audience is held in suspense until the very end, when after some unusual twist reveals the true criminal is not Hillary, but the disguised detective, Anderson. Olga, the maid furnishes many laughs and moments of suspense that defy explanation.

The setting of the play takes place in the apartment of two old maids, in the early 1900. Armanda and Nettie, confirmed man-haters, have made an iron-clad law that no man could enter their apartment. The only exceptions to this law were Ned Page, their nephew, and Brother Wheeler, a missionary.

The last project (Unit III) was given to Donna Mae Vogel. In Geography the pupils collected material and information for a large Natural Resource map of the United States, which proved quite successful in the studying of the United States.

Along with work there have been some very enjoyable social affairs such as the hob-goblin fest at Halloween time, birthday celebrations with beautiful decorated cakes and ice cream. We spent a great deal of time preparing for the Christmas Program, but old man winter played tricks on us and sent too much snow at the wrong time thus preventing our having it as planned. We the future farmers of America,
To us the whole world will turn,
May they be poor or they may be rich
We will feed them all, the whole
world.

We started the year with a bang,
To our wise instructor, Mr. Flint
must go the credit,
Who made us believe we knew it all,
Until we saw the daylight.

We planted five acres of corn
And we made plenty of dough.
We beat five other schools
In our annual pest hunt.

We went to Michigan in January,
To see General Mills experimen-
tal farm,
We saw the way to raise animals,
For the good Yankee dollar.

To Sandusky we went a swimming
In the good old month of February.
We turned in the windy days of March,
To put on a radio program over
WLEC.

Faithfully we've toiled and striven
Pressing on with higher aim,
We are well prepared for action,
Names to shine throughout, as the
wonder of the age.

70,000,000 Americans can't be wrong

DO YOU THINK you should get interest on your bank savings account, dividends on your life insurance policy? Naturally. So do the 70 million other Americans who own savings accounts and insurance. You get the interest and dividends be-

cause of corporation profits. No profits, no corporations; no corporations, no interest or dividends for you.

Remember that, next time radicals rave and rant against corporation profits.
